Vignobles M&J Perromat

# Château Le Juge

## AOC SAUTERNES

### *History*

This vineyard has been bought in 1992 by Michel Perromat, Jacques and Guillaume Perromat father. They represent the 6th generation of winemakers.

Château Le Juge is located in Preignac, at the heart of the Sauternes appellation.

The age of the vines is 15 years old. The vineyard is about 24 Acres.

In order to preserve the grapes quality, we have planted 3 300 vines stock/ Acre. (yield: 25hl/ha)

### *Terroir*

Located in Preignac, Château d'Armajan des Ormes is at the very heart of the Sauternes appellation which is bordered to the South by the vast Landes Forest and to the North by the Garonne river valley. Clay, sand and gravel are superimposed in layers here. The quality of the soil is outstanding when it comes to producing Sauternes.

### *Blending*

This vintage emerged from a blend of 70% Semillon, 20% Sauvignon and 10% Muscadelle.

### *Winemaking*

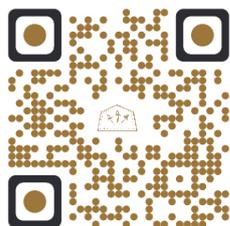

Hand picked harvests in 5 successive and selective pickings, gravity fed wine press and pressing is completed in a bladder press, slow fermentation in low capacity stainless steel vats.

50% of the wine is aged in stainless steel vats for 18 to 24 months, which preserves the fresh and intense aromas of this terroir. The remaining 50% is aged in 1 year old oak barrels to enhance the wine's body.

### *Tasting notes*

"This Sauternes Château Le Juge appeals for his aromatic freshness and sharpness and citrus hints. In the mouth, the volume is wonderful with hints of honey. The finish is very elegant." Jacques and Guillaume Perromat.

Serve at 10/12°C with « foie gras », blue cheeses like French Roquefort, or as an aperitif wine.
